Electronically File Form 1099

No paper forms to print and stuff into envelopes means more time for you to focus on other more important tasks.

Federal E-Filing

Your client's data is sent from your software directly to the federal government. No need to file through the IRS or SSA systems - we take care of that for you.

State Filing

Your data will be sent directly to any and every state that requires 1099 reporting in the format required by that state. You don't have to keep up-to-date with various state filing requirements.

Recipient Delivery

Print & Mail
All completed filings will be automatically printed and mailed directly to recipients. No need to manually print and mail or hand deliver forms to recipients.

Online Retrieval
As a unique added benefit, this service also allows for the recipient to instantly download their form from a secure online retrieval site.

Easily E-file all your data.

Your software makes filing a snap.

e-File Process

Once all your 1099 data is complete and checked:

1. Select 1099-MISC XML from the 'Output' drop down menu

2. Save the file in an easy to find location

3. Open your browser to https://osas.nelcoportal.com to login (or create account)

4. Click 'Import Data' and browse for the saved file to upload
